LOVE TRIUMPHS FOR BREWSTER AND HE'LL WED CORLISS PALMER

WIFE AT LAST AGREES TO LET PUBLISHER GET DIVORCE

New York, March 7.—"Sometimes dreams do come true." It was Corliss Palmer speaking. Standing before the divorce judge in the \$250,000 New Jersey home Eugene V. Brewster had bought for her, she was very dainty, very lovely—and very happy.

Corliss had just returned to the millionaire publisher whom she married and who took her little hand in his and swore that he finally would give Corliss a wedding ring. "I will never leave Eugene again—never."

MAN AND MAID.

They had been separated, this young maid and this man of maturity, for a short time. Separated because Mrs. Brewster wouldn't divorce the man who left her side for the little Southern clear-skinned girl who over night won a national beauty contest—and the heart of "Eugene" who had conducted it in one of his film magazines.

But Mr. Brewster announced that Mrs. Brewster said she'd consent to a divorce. Corliss tapped a beautiful shod foot on the hearthstone, and spoke in her charming drawl: "Mrs. Brewster doesn't know it yet, but we owe her a debt of gratitude. We will never be able to pay divorce or no divorce, I will never leave Eugene again—never."

Mrs. Brewster said her husband didn't want a divorce and hadn't tried to get one, because he didn't want to marry me. Well, we are going to live our answer to that for all the world to see. This is the very happiest day of my life."

One of the blazing logs rolled from the hearth and sent a thousand sparks upward—arose as brilliant as the sun in the sky, and for months has defied the conventions by openly giving her smiles to a man of years who is wedded to another.

FLORENCE DAMOZEL.

Just for a moment as the flickering light in the half-darkened room shined over her fair face she looked very much like some Florence Damozel who had stepped down from

a stained glass window into reality. Then Brewster, man of the world, who became a magazine among magazine publishers after fifty years of practicing law, stepped to her side and placed his sinewy hands on her shoulders.

"Corliss," There was a wealth of emotion in his voice. They drew just a bit closer. The husband lowered just a bit over those eyes in which stardom was gleaming.

"We are going to show the world, dear, the beauty of real love, the purity of it, the sacredness of it. You have waited for me and I for you, dear."

Another log fell to the hearth and another shower of sparks sped upward.

BREWSTER TALKS.

Brewster dropped his hands, then continued to the third one in that room.

"Our marriage—it is to be the answer to the basest assertion that I do not want a divorce and haven't tried to get one. As soon as we learned that my wife would consent, Miss Palmer and I made immediate arrangements for a meeting."

"We both felt that Mrs. Brewster's charges left us no recourse but to order our three together, candidly we asked the opportunity eagerly, and you may tell the world."

Here his voice rang with intensity: "That we will never be separated again."

Silence a moment. Then—"As soon as it is humanly possible, I shall file suit for divorce in New Jersey. In the meantime Mrs. Brewster and I will live in our new home. Her mother and family accompany us—of course."

Brewster declared that he had tried before to obtain a divorce, but had been balked because his wife wanted a settlement of \$100,000, which I was forced to refuse her.

BEAUTY VICTORIOUS OVER WIFE

CHIEF FIGURES IN LOVE TANGLE.

Beautiful Corliss Palmer, for whom wedding bells are expected to ring soon, Mrs. Eugene V. Brewster, in inset, at last has decided to allow the wealthy publisher his marital freedom.

cause I didn't have that much money." He concluded: "I do not anticipate difficulty now in accomplishing my purpose under the New Jersey laws. Should Mrs. Brewster wish to make a dignified end of this situation and herself the suit for divorce, I assure her I will not offer a defense. Is this a convincing answer?"

BURTON DOESN'T WANT DENBY'S JOB

Washington, March 7.—Representative Theodore E. Burton of Ohio, mentioned as a possible successor to the Edwin Lewis as secretary of the Navy, has informed administration officials he prefers to continue as a member of the House rather than accept a Cabinet position.

EDISON RESENTS HINT HIS DAD "MADE" HIM

Charles Edison is at thirty-three, executive manager of the entire Edison Electric Companies, but he doesn't resent the implication that he was "made" by his father, Thomas Edison, the inventor. For the latter, a theory, which he puts sternly into practice—that negatives get no favors. In the time of 1890 and 1891 he "made" Charles a little harder than any one else in the family, the son declares. "Our attitude," Charles said today, "the strictness of endeavor and endeavor during the workday. After a while we are father and son."

CHICKEN RAISER AS SOVIET LIFE-SAVER

Moscow, March 7.—How an engineering corporation, whose assets consisted only of twenty-five barrels of cement sought contracts for the reconstruction of Soviet Russia was revealed today at the trial of Jacob Kramoschickoff and associates.

IF WIFE BOBS HAIR YOU CAN'T BEAT HER!

New York, March 7.—A husband has on right to beat his wife because she has bobbed her hair. Magistrate Ronald so ruled when Frank O'Donnell was arraigned on complaint of his wife, May. She claimed he had pounded her after she had had her hair clipped.

MEXICAN PEACE IS NEAR, SAYS OREGON

Mexico City, March 7.—(A.P.)—President Obregon believes the republic will be completely pacified within 30 days, according to leaders of the national peace committee. The pacifists sought Gen. Obregon's approval of plans for surrender of rebel leaders but admitted the president would not approve giving Estrada, Diez and others opportunity to leave the country on promise not to resume revolutionary activities.

DENIES BETROTHAL TO LILLIAN GISH

New York, March 7.—"Absurd," was the comment of Charles H. Duell, president of the Theatre Guild Film Corporation, who arrived on the Benameria, regarding his reported engagement to marry Lillian Gish, film actress.

BOY, ACCUSED AS THIEF, BLOWS HIS HEAD OFF

11-Year-Old Grafton, N. H. Lad Kills Himself With Gun

Grafton, N. H., March 7.—Robert, a 11-year-old boy, of Grafton, went out into the back yard of his home and blew the top of his head off with a shotgun.

The little boy, accused of the crime, was away arranging for a mission to come and care for the child with her son.

He had a gun in the trigger, which he had used to shoot the gun to his head and pulled the string. His little brother and sister rushed out at the report of the gun and found him dead.

The boy had been accused by a neighbor of stealing a rifle. Sheriff Claude Murray, went to the family home and questioned the boy. At first he denied guilt. Then he admitted he had taken the rifle. At the request of this sheriff he was

His wife went alone to his garage to see up his automobile, preparatory to taking his wife and infant son out for a ride.

Mrs. Hoode was getting the baby ready when she heard an explosion. Looking out of the window, she saw the garage in flames. She ran out of the house and made a frantic attempt to enter the burning building but was driven back by the flames.

Firemen found the charred body of the man. They were unable to discover the cause of the explosion and fire.

LACK OF CLOTHES NOT IMMODEST, SAYS HOMER

Billy Sunday's Trombone Slander Tells What He Saw on Trip Through Slum

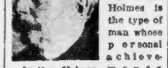

Columbus, March 7.—Homer R. Rodenhaver, who used to ride a trombone with Billy Sunday, has discovered that nudity is not necessarily immodest. Rodenhaver, traveling in Asia, records some very broadminded impressions in a letter to the folks back here. He writes that the natives there think that for security with a wife, it would be a bit dangerous, if little, without a belt. For if the thing that is tucked in would come unhooked the whole thing would be off before you could drop a trombone or anything else to catch it.

They put out of these gowns if you might go as far as to call them that, on Homer when he was in Bangkok, but he got nervous. "Of course, some would not mind if it did come off," he adds. "Many wear only what we would call a short pair of trunk pants. It is a bit startling to see these men and women sitting at a table or standing behind a counter, because the rest of you see has nothing on at all. The little children run the streets wearing little or nothing." "With all this display of nudity, however," Rodenhaver concludes, "they do seem exceptionally modest. One of the missionaries who has been here for many years tells me

Judge Holmes of U.S. Supreme Court Is 83 Tomorrow

Soldier, editor, author, lecturer—but best of all a good judge. This is Oliver Wendell Holmes, associate justice of the United States Supreme Court.

Justice Holmes is the type of man whose personal achievements make one forget that he is the son of a distinguished father—the poet and essayist. For more than twenty years of these years on the Supreme Court bench, Justice Holmes reaches his eighty-third birthday tomorrow. He was born March 8, 1841. He will appreciate a congratulatory postcard or letter from Boston. Address it to him at No. 1729 I street, Washington, D. C.

He has never seen an immodest act on the part of a business woman. "The men and women constantly bathe together in the little nudes, but in nearly every instance the older ones carry some kind of cloth to cover themselves with as they come from the water. "This brings up the fact that complete nudity under proper conditions such as there is no always danger to the morals of a community as the semi-drapery of physical charms that seems to please so many of our good ladies."

WAYSIDE INN OFFERS MEALS AND ROOMS

Public to Be Accommodated Under Plan Inaugurated by Henry Ford

Howe's Tavern, better known as the Wayside Inn, in South Sudbury, has been reopened to the public under new management.

The tavern is one of New England's best advertised hostels. Mr. Longfellow wrote a series of poems about it as the "Wayside Inn," and when the effect of the reading no more was dying down Henry Ford took it. Landlord Ford's schedule of prices suggests that he may be about to duplicate his success with the Inn. The automobile king took over the I. & D. R. R. when it was a long proposition and look at it today. The tavern is going to be run on the American plan, so much per day for room with meals included. These are the new prices: Dinner 2.50 Room (single) second floor \$1.00 Room (single) second floor \$1.00 When Spring and the good roads arrive it is expected that the inn will be taking in several hundred dollars a day. Even now, according to the staff, it is well to telephone ahead for reservations. The house was overnight accommodations for twenty-two. South Sudbury is cheerful over the announcement for the income of the Ford hotel will be spent in wages on maintenance and for improvements. The managers are substantially higher than the rates usually prevailing at ordinary times.

can't seem to start children gambling almost in their babyhood. Every city cursed with such machines should follow the example of New York. Next to teaching children to use drugs, teaching them gambling is the worst thing that could happen to them, gambling is worse even than drink, and harder to cure.

THE ROTARY CLUB asks, "What is your advice to youth?" One man answered, "What's the use?"—a foolish answer. A better answer would be: "Make up your mind what you want, then work hard, live regularly, don't imitate fools."

A **NOTHER** question was "Can a man succeed after forty?" Real success is usually made after forty. You can't judge modern by Alexander, Napoleon, Pitt, Keats or such prodigies. It takes thirty years now to get the start of an education, forty to get a fair education, eighty to get a fairly ready for real work and forty.

THE REVEREND DR. PRATZ, who lives at Atlantic City, and who observes assorted female nudes, says: "Fifty and sixty are responsible for loneliness, setting a bad example to younger women."

The reversed doctor knows. What layman would correct him? But if anything could save a young girl from making a fool of herself, it ought to be the sight of an old woman painted, powdered, squeezed, dyed and set up on heels four inches high, with her poor fat legs bulging over the slippers.

THE Bureau of Commerce estimates the total wealth

of the Philippine Islands at two thousand, one hundred and twenty millions of dollars. That of course is only a small part of the real wealth, which is hidden under ground and concealed in opportunity.

BUT HOW much do you think the Philippine Islands would be worth ten years after Uncle Sam got out, if he DID get out?

THE **CHICAGO** Automobile Club estimates that 15,000,000 Americans will go out camping this summer, using their automobiles for traveling and camping, with perhaps a tent attached.

What is it worth to the United States to have ten millions of Americans united in their pleasures in the family car, seeing the country—their country—setting the fresh air and meeting other Americans from all over the United States.

A **DICTIONARY** must win the fight; defeat is dangerous. The Spaniards have done badly in Morocco. Those savages of Africa's north coast appear to be good fighters. Prime Rivera, the Spanish Mussolini, is in danger of falling. Mussolini, on the other hand, made a success of his Greek undertaking, compelling apologies and collecting fifty million lire of damages. That's the sort of thing that establishes a dictatorship. The mob does not forgive failure.

KING OF HEDJAS PROCLAIMED NEW CALIPH

Other Arab-Moslem Countries Expected to Follow Lead

Jerusalem, March 7 (A.P.).—King Hussein of the Hedjaz has accepted an offer of the Caliphate from the Moslems of Mesopotamia, Transjordan and the Hedjaz who have proclaimed him "Caliph," the Transjordanian government states.

London, March 7.—Meetings of the Islamic associations are being hurriedly summoned throughout India, says the Calcutta correspondent of the Daily Telegraph, to consider the action of the Turkish government in abolishing the Caliphate at Constantinople.

Those bodies which have met have made no attempt at what they consider an outrage of their faith. In fact, they say, is faced with a serious crisis which can only be solved by a prohibition of the entire Moslem world. The correspondent quotes the Grand Minister Ghuannavi as saying that Turkey has wounded Moslem sentiment and violated Moslem tradition, and consequently forfeited the sympathy of Mohammedans throughout the world.

BRITISH READY WITH SOVIET CONFAB PLAN

London, March 7.—Plans are being completed for the coming conference with the delegates of Soviet Russia on the questions of international date, restoration of private property in Russia, the validity of the Anglo-Russian trade agreements upon which Great Britain's future diplomatic relationship with Russia will be predicated. Prime Minister MacDonald has requested the last week in March or the first week in April as a suitable period for the conference, which will be held in London.

"Lefty" Too Rough for Iron Workers, So He's Banished!

For an entire year William "Lefty" McLaughlin, South Boston iron worker, must keep away from Iron Workers' Union headquarters, and when he does go there must behave himself and refrain from using other iron workers' tools.

This mandate was handed down today in Municipal Court by Judge Parmenter, as he gave McLaughlin a suspended sentence of three months and placed him on probation for drunkenness.

Although he has a penchant for rough gambling at the expense of other iron workers' business in Union headquarters, No. 285 Harrison avenue, he was testified by E. J. Johnson, secretary-treasurer of the organization, that shortly after Mrs. Byfield returned from Europe a year ago, he performed a surgical operation upon her.

The operation, the physician claimed, was made necessary by a condition possible only to a woman about to become a mother.

CANDLER SIGNED \$25,000 CHECK FOR BYFIELD

Husband Says He Got It After Finding Rich Man in Stateroom

Albino, Feb. 2, March 7.—Portly in the famous Candler-Byfield case, in which Mrs. Sarah G. Byfield is suing Walter T. Candler, son of the once-cold King, for \$100,000, charging attack by A. H. Baskette stated that shortly after Mrs. Byfield returned from Europe a year ago, he performed a surgical operation upon her.

The operation, the physician claimed, was made necessary by a condition possible only to a woman about to become a mother.

COUPLE SEPARATED.
Admission that she and her husband had separated June 1, 1923, and that she had no intention of returning to him was made by Mrs. Byfield, who while under direct examination on the stand, wept frequently in telling her story of her lawsuit.

On cross-examination Byfield admitted that about ten minutes after he had found Candler in the Byfield stateroom aboard the steamship he had received a check from Mr. Candler for \$100,000. He said Candler insisted that he accept the check and indignantly denied he had asked for it.

In outlining the defense, attorney Arnold stated it contended the dam age suit was part of an extortion plot by Byfield and his wife.

Regarding the boat incident she said: "On the boat we were up until midnight at a party, going to our stateroom about half past two in the morning. Mr. Byfield made back to his stateroom good night and thinking he would return soon I undressed and went to bed without locking the door."

SEIZED BY CANDLER.
"Mr. Candler came into the stateroom soon after. There was no light. When I asked him what he wanted he seized me despite my struggles. I was trying to find out what was the matter with him and forced him to leave before my husband came back."

"I began to scream and my husband rushed in. Candler fell on the floor and said, 'Oh, I'm drunk.' In reply my husband cursed him."

"Mr. Byfield lost control of himself," continued Mrs. Byfield, "and he struck me time and again. Mr. Candler did not lift his hand to harm me although he knew I was not to blame."

"FOLLIES' GIRL IS BRIDE OF HOLLANDER

Son of Boston Merchant Secretly Married in St. Louis

A new stage-society romance which has come as a great surprise to Boston society folk was revealed with the announcement of the marriage of R. Russ Hollander, Jr., son of the wealthy Boston merchant, and Helen Gates, beautiful member of the Washington Polles.

SECRET MARRIAGE.
Friends of young Hollander, who was associated recently in business with the Boston street firm of L. P. Hollander & Co., expressed their surprise, and declared that the wedding had not been known to them.

The marriage took place in St. Louis.

Hollander is the son of R. Russ Hollander, who thirty years ago was head of the Boston firm. He is a relative of T. C. Hollander, now treasurer of the organization.

The young couple will remain in St. Louis for a time, but the bride, who plans to continue her theatrical career, will leave town with the bride.

Hollander is twenty-four years old. He has been representing the firm's interests in Chicago.

51,000 SCHICK TESTS WITHOUT ONE MISHAP
Dr. John A. Coccini, director of the Bureau of Communicable Diseases of the Health Department, under whose direction the Schick testing and diphtheria control work is being done in the Boston public schools, states that since May 1922, 51,000 children have been "Schicked."

According to Dr. Coccini about 40 per cent. of the 51,000 children were found susceptible to diphtheria. More than 200,000 injections were given without a mishap, or even a simple skin infection.

Anything saving of quackery has ever been rigorously excluded from its doors. Not only does it command a large staff of general practitioners in its work, but also a large staff of specialists.

Since its establishment it has served sick adults and children of all classes and creeds, the patients as well as those of moderate means.

It is not generally known that there is a hospital connected with this Dispensary—in the same building.

The Social Service Department, under Miss Ruth Emerson, finds work for the unemployed, places children too sickly to be at home yet not ill enough to go to a hospital, in a convalescent home, secures workers to help poor, tired mothers, etc. It is affiliated with a large number of medical and welfare agencies throughout Metropolitan Boston, which makes its scope of work almost unlimited.

TOT KILLED PLAYING WITH A MOTORCYCLE

Worcester, March 7.—Walter Nauka, four-year-old son of Mr. and Mrs. John Nauka of Meadow street, was killed while playing with a motorcycle parked in the yard of his home. In some way he pulled the start machine over. It hit the base of his skull, causing a fracture. He lay under the machine two hours before he was discovered.

SUNNYSIDE AVE. RAID NETS BIG BARN 'STILL'

Stock Heaped on Sidewalk of Hyde Park Police Station

The sidewalk in front of the Hyde Park police station looked like the landing platform of a warehouse to-day, following a liquor raid on a sunnyside avenue barn, led by Sergt. Horton.

Fifteen empty 62-gallon barrels and two copper stills of 500 gallons capacity each were included in the seizure.

The raid was conducted on a barn at No. 7 Sunnyside avenue, occupied by James Sullivan of No. 19 Cross street, Boston proper. The police secured about thirty gallons of Belgian alcohol, 125 five-gallon cans and fifty feet of hose.

STUDENTS ARE "COOLED TOO MUCH" NOW

Over-Stressing Athletics Another Reason for the Failure in Classes

New Haven, March 7.—Too much cooling or coaching by parents or teachers, who fail to awaken intellectual interest beyond the desire to pass entrance examinations, and over-stressing of athletics, are salient weaknesses in failure of college students to meet academic requirements.

These are the causes stressed by Roosevelt F. Angier, dean of freshmen at Yale University, in his report to the president. Most candidates for admission to the university, he says, have been coached merely to pass the entrance examinations, and are

intellectually unprepared for the four years of college beyond.

"It has appeared time and time again on questioning boys who are not doing well that their previous teachers did too much of their work for them," Professor Angier asserted.

"There was too much coaching or personal coaching. The boys therefore, had acquired habits of dependence on the teacher. In college such a boy will suffer—often more than a student—than a student."

London—The tuberculous vaccine evolved by Professor George Duvet, distinguished Oxford bacteriologist, which was the subject of much newspaper comment last Summer, has not proved a success, according to the Westminster Gazette.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally by Drinking Jad Salts

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, indigestion, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get free.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to cure all kinds of kidney and stimulate them to activity, also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and cannot injure. It makes a delightful, fervent, health-giving drink, which you can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

SEEKS TO QUIT WIFE WHO SUES HUSBY'S FATHER

Dyer Asks Separation From Mate Asking \$100,000
Love Balm

Frederick A. Dyer, son of the wealthy contractor, isn't sitting still by while his young and pretty wife, Mrs. Phyllis Dyer, presses her suit for \$100,000 against his father, Michael Dyer, alleging alienation of affections.

When he learned of the alienation suit he immediately made plans to obtain a legal separation from his 23-year-old wife. Accordingly he filed a petition in Middlesex Probate Court, East Cambridge, asking that the court decree he is living apart from Phyllis for justifiable cause. The case is scheduled for hearing this month.

Last week young Mrs. Dyer filed her suit asking \$100,000 love balm in the same courthouse. She said her wealthy father-in-law had shattered her honeymoon after only five days of wedded bliss and that he, with the older Mrs. Dyer, had hidden the husband away from his wife.

The couple were married in Orlando, Florida, last Summer, after a courtship that was conducted by mail. They then started house-keeping in a little bungalow on the Dixie Highway at Allstonville, Florida. For a few brief weeks, according to the young wife, they lived happily and then—she left to come North. She hasn't seen her husband since, she says.

Desertion is the charge on which Fred Dyer hopes to obtain his legal separation. The petition he filed is returnable March 26.

"PEEPING TOM" IN SOUTH LAWRENCE

Terrifies Women, but Escapes Several Attempts to Capture Him

Lawrence, March 7.—Following a night of terror among the women of South Lawrence, police inspectors were today assigned to search out a young "Peeping Tom," who visited nightly a score of homes in the South Lawrence section. One of the women members of the family of George Condit, No. 25 Chester street, saw the face of a man at the living room window.

She screamed and Goulet rushed out and saw a young man fleeing. Goulet telephoned the police. A short time later a woman at No. 23 Union street became hysterical when she saw a face gazed to the outside of her living room window. Male members of the family pursued a young man who escaped in a side street.

Today reports from nearly a score of families showed the young man had snout most of the peeping part of the night frightening women by his peeping tactics.

PIRATES HOSTS TO U. S. MISSIONARIES

Canton, China, Jan. 17 (By Mail to A.P.)—Two Canton Americans, Dr. W. W. Sudbury of Philadelphia, and S. P. Spencer, Jr., son of Senator Spencer of Missouri, have completed a hazardous trip to the new legation in the First International of Mexico, in the course of which they were held up by armed desperadoes, given a tea party by pirates, and forced to battle adverse conditions of wind and sea.

The dangerous expedition into the heart of the section occupied by the bandits who have terrorized China coast shipping for many years was made at the instance of the American Mission to Mexico.

EDDIE WILLIAMS' PUNCH MAY TOPPLE JOHNNY DUNDEE

HAS WON 15 BOUTS BY KAYO

By ARK CONWAY
Johnny Dundee, junior light weight champion, is going back. This is news as the brilliant South Wap has been battling all corners in the ring with remarkable success for more than a decade. With Dundee long his remarkable wins and combative qualities, fight fans ask:

Who will be the next world junior light weight champion?

From New England comes the answer.

Eddie Williams of East Boston.

Those persons who have seen this amazing, twenty pound, youth in action have been thrilled by his spectacular work. Although he has been losing for only three years, he has all the natural class that enables him to force in the foot races of his boxing division.

Black now, a year out of the arena, Williams, who can defeat any 150 lb. fighter in New England so that he may not be a will push ab 150 lb. fighters, as the promoters go outside of the state of the country to get opponents for the heavy hitting and fast moving East Boston scrapper.

WON RING HONORS IN INTERNATIONAL BOUTS

As an amateur Williams has a reputation. For two years he kept knocking over the best of opposition. He was the only boxer to win in the international bouts of Madison square garden while in 1922 he was the runner-up in the national championship.

As an amateur Williams took part in thirty tournaments, which meant that he engaged in about 100 bouts. He was aggressive, heavy hitting power and knowledge of the fine points of the fight art enabled him to find most of his opponents for losses.

Among the amateur stars who were defeated by Williams were Joe Blazney, Philadelphia, one round; Ernie Neale, New York, three rounds; Sidney Bell, New York, three rounds; Ed Olin, Indianapolis, two rounds; Walter Delaney, San Francisco, three rounds; Tom Kibb, Kentucky, one round; Matt Corbett, Linn, three rounds; Harry Foley, North Pat, one round; Joe Barke, East Boston, one round; and Bill Carroll, South Boston, one round.

A record of who has won a man might well be found.

HAS WON 15 BOUTS BY KAYO AS PROFESSIONAL

Now turning pro, Williams has continued his sensational run of victories. He has engaged in twenty bouts, and has won fifteen of them by a kayo. He has also outpointed some heavy boys.

Some of the bright spots in Williams' record as a pro, follow:

Defeated Harry Foley, North Pat, ten rounds; Red Watson, New Orleans, eight rounds; Young Duff, Providence, six rounds; Frankie Ryan, Everett, six rounds; Bert Killett, Quincy, one round; Billy Hilly, Charlestown, four rounds; Table Quinn, Lowell, one round; Larry Robinson, Cambridge, two rounds; Johnny Griffin, Brookline, six rounds; Young Donovan, South End, six rounds; Frankie Johnson, Boston, eight rounds.

Williams stands ready to add Red

Here's the Boy Who May Dethrone Dundee

EDDIE WILLIAMS

Chapman and Honeyboy Finnan to his list of victims.

Marty Fitzpatrick of East Boston is managing Williams. This means that the youthful southpaw will have the advice of a man versed in every angle of the boxing game, who employs the same keen intelligence in making matches that he does in his tactics.

WILL BE READY FOR DUNDEE THIS SUMMER

Williams is improving rapidly. By this summer he should be ready for Dundee. And unless the junior champion is at his very best, the defeat will go to Williams. Possibly the East Boston youth may emulate Willie Jackson, who is the only boxer who has ever stopped Dundee. A right hand punch did the trick in a tussle in a Philadelphia ring.

Williams can punch as hard as Jackson, while he has the youth on his side. These are mighty difficult assets to conquer.

Do you know him?

ANITA STEWART AND "FOLLIES" GIRLS

BULLETS FLY IN WEST END CHASE

Two bullets failed to halt the flight of Angelo Arena, twenty-one, of No. 174 North street, as he sped down Ovington street, West End, with three officers and an excited throng in pursuit.

The man was subdued with the assistance of officers O'Neil and Holmes. He will be arraigned on the charge of attempted robbery.

BEAUTY CHORUS OF 'FOLLIES' IN BIG FILM

"The Great White Way" Shows Musical Comedy in Full Swing

The publichouse of the Ziegfeld "Follies" girls has won for many of them lucrative offers in motion pictures and individually some of them have gone far on the screen. The world famous beauty chorus as a whole, however, is fished in a cinema production, for the first time in "The Great White Way," a production of H. C. Warner's popular series, "Glad and Mabel," now showing at the Park Theatre.

The new film entails the most lavishly and realistically reproduced musical comedy that has ever been photographed as part of a motion picture. In order to give the second time round of realism and have it perfect to the minutest detail, costumes, in costume. "Glad and Mabel" is to rehearse the entire chorus of 25 "Follies" beauties in a picture devoted especially to the picture. The novel photograph musical comedy was filmed in the Ford Theatre, across the New American Theatre, formerly the home of the "Follies" girls.

BARONET COMMANDS \$11,000,000 RUM FLEET OFF U. S.

UNLOADING OFF THE 12 MILE LIMIT

Scouts of Prohibition Squad on Alert to Prevent the Landing of Cargo

New York, March 7.—Sir Brodick Hartwell, baronet, internationally advertised rum seller, today was believed by Federal officials to be about the liquor-running steam yacht *Istar*, supervising the unloading of a large shipment of Scotch whiskey for the American bootleg market.

The *Istar*, a veteran in the bootleg run, running fleet, in one of twenty-eight heavily laden boats that now make up the smuggling fleet, is anchored off the Long Island and New Jersey coasts, safely riding the sea outside the twelve-mile limit.

It is the latest liquor fleet ever assembled there, and its combined cargo—such vessels as docks and piers with crews of liquor—has an estimated value of \$11,000,000. The authorities estimate there are 22,000 cases of assorted liquors aboard.

Scouts of the Federal prohibition agents are reported as for time being the *Istar*. Also reported from the coast, officers recently distributed to him on both sides of the twelve-mile limit, which he offered stock in his liquor enterprise, advertising twenty per cent profit every ninety days.

Samuel Katzwitz, seventy-nine years old, of No. 717 Dorchester avenue, a retired insurance agent, leaped to his death from a third story window when fire broke out in the basement of his home early today.

The fire, which was estimated at \$50, but it smoldered and spread in the building and a fire that had been burning in the basement of the house for some time, entered the main body of the house. The flames were seen in the front of the house, and the fire was not seen until it was too late to save the man.

Mrs. Schoellkopf, Agreeing to Part From Hugo, Listed as Single on Ship

New York, March 7.—Hugo C. Schoellkopf, of Buffalo and his wife, Irene, who was robbed of \$30,000 worth of jewelry in this city a year ago, have signed a separation agreement. It was leaked today.

Mrs. Schoellkopf and Frank Barry, whose apartment she was said to have left after a New York party, where she was robbed, were seen on the *Heenagaria* returning from abroad. The woman was in the passenger list as "Miss Schoellkopf."

It was also reported to remain unknown and became so important to a secret that he burst out in a shout when the explanation of the robbery was given with Mrs. Schoellkopf and other wealthy persons who want a settlement.

He and Mr. Schoellkopf's long postponed plan to tour the world with Mrs. Schoellkopf had been interrupted by proceedings in connection with the robbery.

CHICKIE

Seething Life of a Lovely
Boston Girl of This
Strange Today

Chickie Dry's first romance ended disastrously. At seventeen she had created the illusion that Arthur Sontag, a school teacher, was going to propose to her, but when he announced he was going away she was heartbroken. Then Chickie's chum, Mary Hildreth, came along. At eighteen Chickie was a very successful broker's office and there met Jan-na, a girl wise in the ways of the world. Jimmie, Mary's brother, declares his love for Chickie, but she puts him off. Chickie meets a number of men and finally goes on a party with Jake Munson and a bunch of his friends, but she is disappointed. Then she meets Barry Dunne calls at the Bryce home, and, contrary to expectations, Chickie's father received him kindly. They go for a ride and Chickie gets her first kiss. Surprised but happy, she thinks only of going to bed. The next day meets Jake on the street and is persuaded to dine with him.
